

## How To Send a Photo in a Text Message on iPhone or iPad

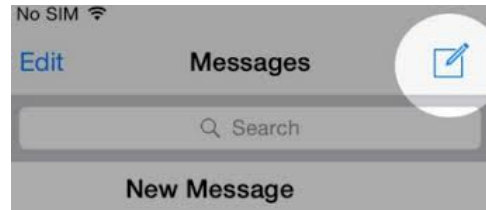

### STEP 1

Open the "Messages" app on your iPhone.

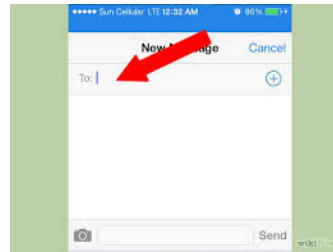

### STEP 2

Tap the new message icon at the upper right of the screen.

### STEP 3

Type the phone number shown below in the "TO" box :

### STEP 4

Tap the camera icon to the left of the text input field.

### STEP 5

Choose "Choose Existing" option

(This will open your photo library and select a photo to send).

### STEP 6

Select the photo you want to send by touching it, and tap the "Choose" button. Your photo will appear in the text input field. Add a comment if you wish and Hit SEND.
